Please see the editorial comments (below) and attached copies of the reviewer comments for manuscript title " **Phytochemical, Antioxidant and Antiinflammatory Potential from Extract Dechlorophyllation of Kenikir Leaves (*Cosmos caudatus* Kunth).**"

Editorial comments to authors

Title: Names (First and Last name in full, middle name as initials) and affiliations of authors should be written correctly. Correspondence authors' contact address (email and telephone number) should also be stated.

Abstract: format to accommodate to the required word (250) limit. Format to a single paragraph and avoid subheadings. Begin with a brief background, the aim of study should be clearly stated, methodology, results and conclusion.

All text should be in English

All botanical and zoological names should be italicized including those in reference section

For non-integers, use periods/decimal point NOT commas.

Write all page number in full. E.g 12345 – 12359 and not 12345 – 59

Remove italics and abbreviate journal title in reference section

In-text references should be in superscript numerals without square brackets, and placed after commas or full-stop.

References: Cite relevant and related references from the published articles of TJNPR www.tjnpr.org

Adhere strictly to the Journal's style for listing references. Abbreviate all journal names, and replace 'et al' with names of all contributing authors;

Falodun A, Siraj R, Choudhary MI. GC-MS Insecticidal Leaf essential oil of *P. staudtii* Hutch and Dalz (Icacinaeae). Trop J. Pharm Res. 2009; 82:139-143.

Okolie NP, Falodun A, Oluseyi D. Evaluation of the antioxidant activity of root extract of pepper fruit (*Dennetia tripetala*), and its potential for the inhibition of Lipid peroxidation. Afr J. Trad Compl and Altern Med. 2014; 11(3):221-227. Doi: 10.4314/ajtcam.v11i3.31

Conflict of interest session should be included, and if there is no conflict of interest, this should be stated clearly as follows; **The authors declare no conflict of interest.**

A declaration of the liability of the authors for claims relating to the content of this article should also be included when submitting the revised manuscript. This should be stated as follows;

Authors' Declaration

The authors hereby declare that the work presented in this article are original and that any liability for claims relating to the content of this article will be borne by them.

All comments/corrections made by reviewers should be completely addressed, point by point, and make appropriate changes in the manuscript, or provide a suitable rebuttal to any specific request for change that has not been made.

All corrections/changes made in the manuscript should be **highlighted in yellow colour** when submitting the manuscript in the revised form.

Please keep the revised manuscript code format as “TJNPR-(Year)-(Code). Do not Rename the document.

All corrections/changes made in the manuscript should be **highlighted in yellow colour** when submitting the manuscript in the revised form.

The authors should carefully revise and correct the manuscript taking into consideration the comments of all the reviewers. 50% of the references cited should be between **2020-2025**. The revised and corrected manuscript should be subjected to plagiarism checker (17% allowed in TJNPR) and English language editing. Evidence of the checks should be attached when submitting the revised/corrected manuscript.

During submission of the revised manuscript include another file labelled “**Responses to reviewers’ comments**” (a matrix) clearly showing your responses to each of the issues raised by the reviewers; mention the section, page and paragraph/lines where and how the changes/corrections have been made.

Strictly adhere to the author guidelines. Make sure that all the facts and information provided in the manuscript are correct. Check grammar, spelling, spacing, other information and facts including scientific names, formulae, symbols, equations, etc.

Ensure that all the references are correctly cited in the text and list. Verify all the references from their original sources. Confirm correctness of the citation info such as authors’ names (surnames, initials, spelling, arrangements, etc), year, title, journal, volume, pages, punctuation, etc. The numbers and units must be presented according to the journal style. Use clearly distinguishable patterns for the illustrations/figures (e.g., graphs and charts) such that they should be legible even for black and white printing or when reduced in size.

Proofread the whole document after effecting all the corrections. The revised version should be approved by all the co-authors before submitting it.

Important Points for authors

A. Authors strongly advised to read and comply with items 1-11.

B. Authors are also required to submit the files (1-4) when submitting the revised manuscript.

C.

1. The revised and edited manuscript
2. The list of responses to reviewers' comments (All the issues raised by the reviewers must be addressed)
3. Evidence of plagiarism check (**17% allowed**)
4. Evidence of grammar check by a native English speaker
5. All references cited **MUST** in **English Language**
6. All references cited should tally with the number of references listed
7. All journal titles must be abbreviated in line with the international citation standard eg Tropical Journal of Natural Product Research is abbreviated as Trop J Nat Prod Res

8. Tables and figures should be at the last page after the list of references
9. The tables must comply with the journal style.
10. Authors advised to download some articles from the TJNPR website to serve as a guide.
11. *et al* is not allowed in the references. The full authors list should be mentioned.

D. For references: Use the references as guide

Dear Author,

See the attached **galley proof** manuscript with title " **Phytochemical Constituents, Antioxidant and Anti-inflammatory Potentials of Dechlorophyllized Extract of Kenikir Leaves (*Cosmos caudatus* Kunth)** " for authors perusal

Please, as soon as possible (**not later than 48 hours**) kindly respond with receipt along with any comments or observations. Also, respond to the comment(s) where indicated.

Carefully review the formatting of names, affiliations, figures, tables, citations and entire text.

Your Manuscript is scheduled for Volume 9 issue 5

Note:

Failure to address all comments raised would cause the manuscript to be dropped from publication in this issue.

Failure to return the revised version of the galley proof (at the given period) would cause the manuscript to be dropped from publication in this issue.

All corrections/changes made in the manuscript should be highlighted in yellow ink when submitting the revised manuscript.
